Fernandez Arul Micheal ( Year of Passing - 2017)

Currently Studying B.E Automobile Engineering at P.S.G College of Technology, Coimbatore.

Hailing from a out-state, I just had dreams and eagerness to learn when I joined CKPC. In order, to achieve my dreams the college served me as a launch pad. It just not only taught me technical skills and knowledge but it enriched me a lot. As a result, it helped me in launching my starting point where the well teaching and goodness of all faculty, that they cared me showed a great respect on them. It's my pleasure to thank the principal who along with their teaching and non-teaching staffs supported me in all academic works at all times.

Thanks a lot for being with me. ¶¶

Mr. V.Ramakrishnan ( Year of Passing - 1991)

Head - Network Capability Development , FDMS , Sales Training  
Force Motors Ltd, Mumbai Pune Road, Akurdi, Pune- 411 035

Christ the King polytechnic college is the one which provides the excellent technical knowledge with a very good infrastructure and technically rich and highly qualified faculties. Three years of my life was a brilliant journey with lots of support from CKPC.

Venkatesh Balakrishnan ( Year of Passing - 1991 )

NXP Semiconductors, Location - Graz, Austria, Designation - Manager - Global  
Customer Integrations

The ambience of the college is so pleasant .Apart from our studies our college is encouraging us to involve in many extra curricular activities and so on placement offers are good and more training is given to us.
